Subject	Invitation for cooperation in the Tirana Spring School 2018	Contact	Dr Petra de Bruijn

Dear Dr Bardoshi,

On behalf of,

- Professor Dr Albrecht Fuess, Center for Near and Middle Eastern Studies (CNMS), Philipps-University Marburg,
- Professor Dr Pascal Buresi, The Institut d'études de l'Islam et des Sociétés du Monde Musulman (IISMM), Paris,
- Professor Dr Maribel Fierro, Consejo Superior de Investigaciones Científicas (CSIC), Spain,

Professor Dr Thijl Sunier, chair of the Netherlands Interuniversity School for Islamic Studies (NISIS) would like to kindly invite the Institute of Cultural Anthropology and Art Studies to cooperate as partner in the organisation of the Tirana Spring School 2018, from 19 -23 March 2018, with as central theme: Space, place and dwelling.

NISIS and its international partners organise every year a Spring School about broad topics related to Islamic Studies, preferable on a location with a current or historical Muslim background. At the Spring Schools, key note lectures will be alternated with workshops in which PhD candidates and advanced master students relate the topic of the school to their own research. We welcome cooperation with local partners as an ideal opportunity to broaden the horizon of our students and ourselves and we see this cooperation as an excellent starting point for further academic collaboration in the future.

With kind regards, on behalf of all partners,

Dr. Petra de Bruijn
